EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Ashley Pezzner on February 4, 2004.

The application has been amended as follows:

At p. 1, line 2 of the specification, [allowed] was replaced with ---US 6,660,709---.

At line 3 of claim 12, [perfluorocarbons, fluoramines and] was deleted.

Claims 20-23, 33 and 35 were cancelled.

Claims 36 and 37 were made to depend from claim 19.

Allowable Subject Matter

2. Claims 12-19, 24-32, 34, 36 and 37 are allowed.

3. The following is an examiner's statement of reasons for allowance: The closest prior art of record is Michaud et al., US 5,973,055. This reference discloses that solvents selected from 1,1,1,3,3-pentafluorobutane and perfluoroalkyl ethers are useful in formulating waterproofing compositions. Accordingly, a combination of these solvents would be obvious. However, the reference does not motivate the use of the recited percentage limitations. Accordingly, the present claims are allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any prior art made of record and not relied upon is of interest and is considered pertinent to applicant's disclosure.
